EXPLORER HELMETS

- Kids can go night exploring for bugs, frogs, foxfire, and secret passageways, pretend to be a miner in a coal mine, a spelunker in a cave, or an intergalactic adventurer wearing a bright LED Explorer Helmet. The addition of a light on a helmet made hands-free work and exploration in the dark easier and faster, leading to countless scientific discoveries.
- Dependable and trouble free on/off toggle switch.

Mix or match
Helmet &
Lantern colors!

EXPLORER LANTERNS

- The use of lanterns in the USA dates back to the early 1700s to light the way through the darkness. Throughout history lanterns have provided light at night for sailors at sea, railroad workers, firemen in line of duty and miners deep underground. In modern times hikers, campers and cave explorers use lanterns where there are no electric lights available. Lanterns have a historic charm that we all still love today. Technology is always improving, but there is something special about going outside at night with an old-fashioned lantern by our side.

Bright LED bulbs that illuminate from a candle-light glow up to a super bright light!

EXPLORER HELMETS & LANTERNS DISPLAY

- Kids can mix or match Helmet and Lantern colors when they are displayed together on the Explorer Helmet and Lantern Combination Floor Display.
- Explorer Helmets and Lanterns provide hours of fun that will create memories for your visitors that will last a lifetime.

SQUIRE BOONE VILLAGE HELMETS & LANTERNS:

- Eye-catching, attention getting colors!
- Free custom imprint with the name of your train attraction creates a connection with your customers! May combine Helmets and Lanterns for imprint minimum.
- AAA batteries installation optional.
- Made of impact resistant plastic that doesn't crack when dropped on the floor.
- Bright LED Bulbs.
